- Using the Right Word, Comma (Interjections), Sentence Fragment, End Punctuation, Capitalization

People in the world drink more than 260 million glasses of cola every day Wow that's nearly as many Sodas as there are people in the United States and nearly three times the number of miles from the earth to the sun! People drink more Sodas than there are cubic yards of concrete in the Grand Coulee Dam. More Sodas than anyone cares to count! Why would health-conscious people put so much fizz into their stomachs
